

Euro-bougie: a bougie lifestyle predicated on emulating European dress, mannerisms, and cuisine; art & literature majors seem to predominate in this neurosis. These weakies' Berkeley headquarters are Café Roma and Au Coquelet.

feeling: the instinctual, emotional component of human consciousness.

freedom: not just free speech, not just the Bill of Rights, not just a tradition of protest.

groupie fascism: the tendency of groups (e.g., neurosis farms on campus) to annihilate individuality in their members and to oppose strong, non-groupie individuals.

homosexual pair bond: an emotional relationship between two males or two females that is a symbiotic, neurotic substitute for a heterosexual relationship.

institutionalization: the socializing process by which real human beings are squashed into clones that can fit inside institutions, e.g., the University of California.

legal thinking: an awareness of the parameters established by the techno-penis for acceptable human behavior.

logical positivism: a philosophy prevalent in university philosophy departments that is positive that logic is where it's at.

macro-neurotic: pertaining to the overall system of social neurosis, e.g., institutionalization, corporate hate-state, etc.

maggot: usually, a religious fanatic that sucks off of "Rap" energy in the Plaza.

micro-neurotic: pertaining to the individual neuroses which are housed inside of people, as opposed to the macro-neurotic social system.

mind-body dualism: the classic Western schizophrenia where mind is posited as some kind of separate, mystical entity, apart from the body. This ridiculousness is attributed to Descartes, a French philosopher, and is also known as "Cartesian dualism."

orgone energy: energy, usually explosive in nature, which is psychologically associated with orgasm; the overall sexual power of a person as an expression of orgasmic potency.

penis code: the California Penal Code, which defines criminal activity, and puts the penis in a box.

placation of the vagina: doing what the vagina wants you to do... in order to get inside it.

psychic communication: brain-wave transmission and reception over distance surpassing the limits of ordinary sensory communication.

psychic power: ¹the sixth sense of human beings. ²The power of the mind to transcend ordinary spatial and temporal parameters. ³The potentially revolutionary bridge between science and religion.
